

COMPANY PROFILE

MYEISHA

ABOUT US

MYEISHA Founded as a consulting firm in the Malaysian agricultural sector, Myeisha has become a leading name in the edible oil industry. Our journey began with facilitating trade in palm oil products such as Crude Palm Oil (CPO), CP6, CP8, CP10, Crude Palm Kernel Oil (CPKO), and Sunflower Oil (both crude and refined).

Through years of connecting buyers and sellers, we have gained extensive industry knowledge and built a strong network of refineries, producers, and buyers both locally and internationally. This foundation has allowed us to establish long-lasting partnerships based on trust, reliability, and mutual success.

licensed by the Malaysian Palm Oil Board (MPOB) to supply Palm Oil products and also has an AP Customs Export license from the MPOB to export Palm Oil product.

Myeisha takes pride to providing value to its customers through genuine commitment to competitive price, timely delivery, product quality and its flexible approach. Myeish's core strenght is that we understand the market and we care about our customers.

OUR MISSION

MISSION

Myeisha's mission is to be a trusted global leader in the industry by supplying premium-quality palm oil products while fostering sustainable and transparent business relationships. We connect buyers and sellers through a reliable supply chain, ensuring competitive pricing, exceptional service, and adherence to international quality and sustainability standards

OILS PRODUCT

Palm Oil

- Crude Palm Oil
- RBD Palm Oil
- RBD Palm Olein
- IV 60-65
- RBD Palm Stearing / Double Fractioned
- Palm Fatty Acos Distillate

Laurics

- Crude Coconut Oil
- RBD Coconut Oil
- Crude Palm Kernel Oil
- RBD Palm Kernel Oil
- RBD Palm Kernel Olein
- RBD Palm Kernel Stearing

Laurics

- Crude Degummed Soybean Oil
- Refined Soybean Oil
- Crude Sunflower Oil
- Refined Sunflower Oil
- Refined Canola Oil
- Refined Corn Oil
- Refined Rice Bran Oil

FOOD APPLICATIONS

Frying

- Palm Shortening
- Vegetable Ghee
- RBD Palm Oil / Olein
- RBD Palm Kernel Oil / Olein
- RBD Coconut Oil
- Special Blends of Palm & Soft Oils
- High Performance Frying Fats

Bakery & Pastry

- Shortening
- Margarine

Various specifications available for multiple applications

Dairy Fat Replacers

- Ice-cream Fat
- Milk Fat Replacer
- Cheese Fat Replacer
- Non-dairy Creamer
- Coconut Milk Powder
- Butter Oil Substitute

FOOD APPLICATIONS

Specialty Fats

- Chocolate Fat
- Chocolate Coating
- Chocolate Spread
- Butter Compound
- Cocoa Butter Substitute
- Cocoa Butter Replacer
- Cocoa Butter Equivalent
- Cocoa Butter
- Bake Stable
- Bake Stable/ Chocolate Fillings
- Bakery/ Confectionery/ Ice Cream Coatings
- Coating Fats & Compounds
- Dough/ Ice Cream/ Biscuit/ Whip Cream/ Filling/ Creaming/ Spraying Fats
- Customs-made Fats, Trans Free Fats & Interesterified Fats
- Palm Mid Fraction
- Fats in Powder & Flakes

Coconut

- Desiccated Coconut
- Coconut Milk Powder
- Coconut Flour
- Coconut Cream
- Pure / Raw Coconut Water
- Virgin Coconut Oil

FOOD APPLICATIONS

Soap Noodles

- ♦ Standard
- ♦ Premium
- ♦ Multipurpose
- ♦ Laundry
- ♦ Translucent & Transparent
- ♦ Swing
- ♦ High Glycerine
- ♦ Superfatted

Animal Feed

- ♦ Palm Kernel Expeller
- ♦ Copra Meal
- ♦ Feed Fats for Dairy Cattle
- ♦ Feed Fats for Monogastrics including Poultry

Surfactants

- ♦ Sodium Lauryl Sulphate (SLS)
- ♦ Sodium Lauryl Ether Sulphate (SLES)
- ♦ Cocamidopropyl Betaines
- ♦ Fatty Acid Diethanolamide
- ♦ Fatty Acid Monoethanolamides
- ♦ Liner Alkylbenzene Sulfonic Acid (LABSA)

Palm Wax

- ♦ Container Filling
- ♦ Pressed Candles
- ♦ Moulding Method
- ♦ Specialty Palm Wax
- ♦ Industrial / General Applications

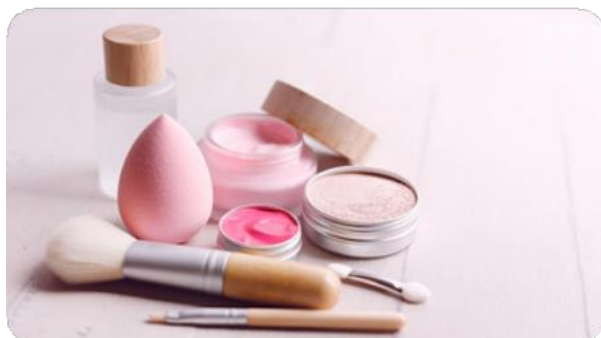

FOOD APPLICATIONS

Oleochemicals

- ♦ Crude Glycerine
- ♦ Refined Glycerine
- ♦ Stearic Acid
- ♦ Fractionated Fatty Acids
- ♦ Distilled Fatty Acids
- ♦ Split Fatty Acids
- ♦ Esters
- ♦ Triglycerides

Wide range of specifications available

By-Product

- ♦ Palm Acid Oil
- ♦ Palm Fatty Acid Oil
- ♦ Palm Kernel Fatty Acid Distillate
- ♦ Soya Acid Oil
- ♦ Soya Fatty Acid Distillate
- ♦ Coconut Acid Oil
- ♦ Coconut Fatty Acid Distillate
- ♦ Copra Cake

Fatty Alcohol

- ♦ C898 - Octyl Alcohol
- ♦ C1099 - Decyl Alcohol
- ♦ C1299 - Lauryl Alcohol
- ♦ C1499 - Myristyl Alcohol
- ♦ C1214 - Cetyl Alcohol
- ♦ C1898 - Stearyl Alcohol

Wide range of formulations available

Biodiesel

- ♦ Palm Methyl Ester (PME)
- ♦ Distilled Palm Methyl Ester CFPP +7
- ♦ Fatty Acid Methyl Ester (FAME)
- ♦ Used Cooking Oil Methyl Ester (UCOME)

PACKAGING OPTIONS

Myeisha's products are offered in a variety of packaging options, subject to product features and specifications.

The customer ultimately makes the packing selection, but we are here to help and advise. Among our packing options are:

Pet Bottles
(1, 2, 3, 5L)

Jerry Cans
(3, 5, 10, 20, 25L)

HDPE Drums

New Steel Drums

Jumbo Bags

Tin
(16L, 18L, 20L)

Paper Bags

Brown/White Cartons
(15, 20, 25Kg)

Bag-In-Box
(18, 20KG)

Intermediate Bulk Container (IBC)

Paper IBC
(with heating pad)

ISO Tank

+

Flexi-Bag with optional Heating Pad & Anti-Bulging

OPERATIONS

Delivery of Product

Upon confirmation of order and exchange of sales & purchase contract, a whole series of back offline events occur in order to ensure our customers receive the product with the right quality in a timely manner and in good condition.

In order to achieve this, MYEISHA has invested heavily in both people and IT infrastructure for maximum customer satisfaction. Myeisha operates with materials requirements planning (MRP) system and a quality management system (QMS) to ensure that customer requirement are fully satisfied.

Myeisha operations are supported by carefully refiners, toll packers and other external service providers encompassing logistics, freight forwarding, technical, laboratory and cargo inspection. All of whom, have appropriate recognized quality certifications & qualifications.

SERVICE PROVIDER

Refineries & Packing Facilities

In order to deliver our wide range of products to multiple specifications and in a wide range of packing options, we work with our panel of refineries and packing companies.

This enables Myeisha to meet the very specific requirements of our customers rather than having a one-size-fits-all approach. Our refinery and packing partners all have appropriate certifications & qualifications.

Multimodal Transport

To deliver cargo to customers, we have created strong partnership with freight forwarders and shipping line.

We are proud to work with major shipping lines as below:

QUALITY ASSURANCE

Testing & Inspection

All products are produced in manufacturing facilities which have appropriate Quality & Food or Feed Safety certification. To support our in-house controls, we engage globally recognized independent Cargo Surveyors and Laboratories to inspect and test products and verify that all criteria have been strictly complied with.

INDELAB

SGS

OUR CUSTOMERS

Myeisha values each customers and enjoys repeat & continuous business because of its commitment to understand and meet their need. Our customers include both SMEs and multi-national corporations located in many countries around the world and spread across many different industries. All our customers have their own specific sets of requirements inducing regulatory which we must satisfy.

We look forward to working with you and will be glad to explore how we can serve you better. Please feel free to contact us with your product requirements.
